

Crafting excellence since 2007

PROFILE & PORTFOLIO

QLdecor

SKYTOWER, Wrocław, Poland

For nearly two decades, QLdecor has stood at the intersection of material innovation and luxury craftsmanship.

TV Stand: steel, stone, wood

WHERE DESIGN MEETS FINE CRAFT

Founded in 2007, we have built our reputation on a single principle: that the surfaces and components behind great furniture deserve the same level of ambition as the designs they support.

INTERIOR DESIGN & FURNITURE

From our signature MetaLux metallised panels to genuine steel fronts, from the natural warmth of WoodSense to the curated restraint of ColorPro — every QLdecor product is engineered to perform at the highest level, in the most demanding interiors in the world.

Our clients include furniture manufacturers, interior designers and architects working across Europe, North America and the Middle East. We don't just supply materials — we partner with creators who refuse to settle.

VISION & MISSION

Vision

To be the world's most trusted partner in luxury surface and furniture component innovation.

Mission

Our mission is to create furniture of exceptional quality — where every cabinet, every front and every surface is a testament to precision engineering and enduring craftsmanship. We don't just supply materials; we build. From raw steel to finished piece, every QLdecor product is born from a deep commitment to the art of furniture making and the pursuit of material excellence.

At QLdecor, we believe that truly exceptional furniture cannot be found — it must be created. Our bespoke furniture service transforms your vision into reality, crafting made-to-measure kitchens, bathrooms, wardrobes and custom built-ins that are as individual as the spaces they inhabit.

BESPOKE FURNITURE

Designed around you. Built to perfection.

Every piece begins with a conversation. Our designers work closely with you to understand your space, your lifestyle and your aesthetic — translating every detail into a precise, personalised design. From there, our craftsmen take over: cutting, forming and finishing each component with the same uncompromising standards that define everything we make at QLdecor.

The result is furniture that fits perfectly — not just in dimension, but in character.

WHAT WE CREATE

Bespoke Kitchens

Precision-engineered kitchen furniture built around your space and your way of living. From handleless minimalism to bold material statements — every kitchen we create is a one-of-a-kind composition of form and function.

Bespoke Bathrooms

Vanities, storage units and custom bathroom furniture crafted to transform your bathroom into a private sanctuary. Clean lines, premium materials, flawless finish.

Bespoke Wardrobes

Made-to-measure wardrobes designed to maximise every centimetre of your space — with interiors as considered and refined as the exterior finish.

Custom Built-ins & Joinery

From living room wall units to home office cabinetry and custom alcove solutions — we design and build integrated furniture that becomes a permanent, beautiful part of your interior architecture.

Key Features

- Full made-to-measure service — every piece built to your exact specifications
- In-house design consultation from concept to completion
- Available in the full QLdecor material range: MetaLux, WoodSense, ColorPro and genuine Steel
- Precision CNC manufacturing combined with hand-finished detailing
- Complete project management: design, production, delivery and installation

MODULAR WARDROBES

QLdecor Modular Wardrobes are designed for those who demand more from their living space. Built on a precision-engineered modular framework, each wardrobe is fully customisable — in size, finish, internal layout and hardware. The result is a seamlessly integrated storage solution that feels like it was always meant to be there.

Every unit features integrated LED lighting, full-height door panels, soft-close mechanisms and a thoughtfully designed interior — with dedicated hanging rails, open shelving, drawer modules and glass-fronted display sections. Four signature finishes are available, each crafted to complement a distinct interior aesthetic.

MODULAR LIBRARIES

QLdecor Modular Wardrobes are designed for those who demand more from their living space. Built on a precision-engineered modular framework, each wardrobe is fully customisable — in size, finish, internal layout and hardware. The result is a seamlessly integrated storage solution that feels like it was always meant to be there.

Every unit features integrated LED lighting, full-height door panels, soft-close mechanisms and a thoughtfully designed interior — with dedicated hanging rails, open shelving, drawer modules and glass-fronted display sections. Four signature finishes are available, each crafted to complement a distinct interior aesthetic.

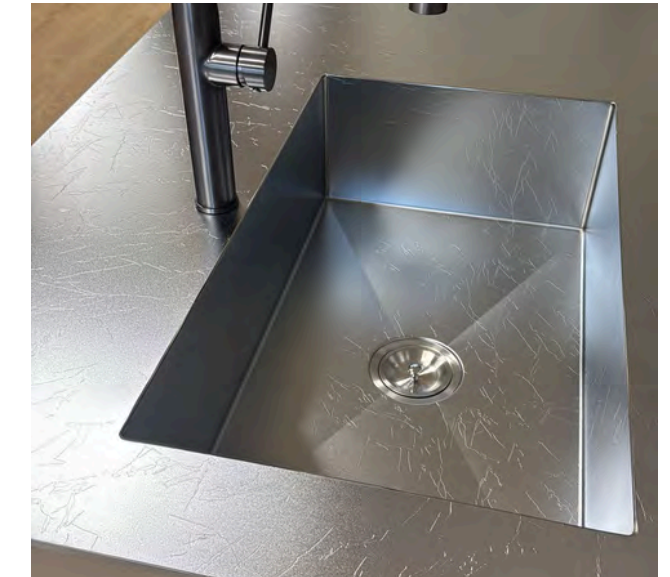

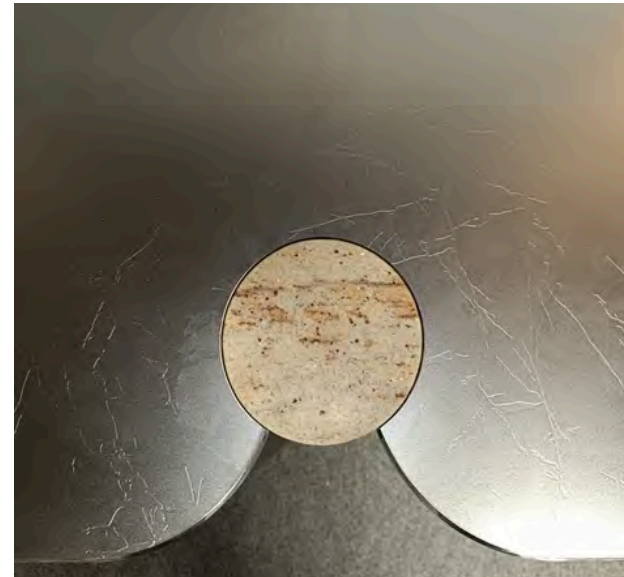

BEST PRODUCTS

SOLID STEEL TABLE TOPS

Key Features:

- Solid 304/316 food-grade stainless steel — wear-resistant, heat-resistant, hygienic
- Available in 5 / 6 / 8 / 10mm thickness — 8 styles to suit every project
- Seamlessly integrable with kitchen sinks for a clean, uninterrupted surface
- Easy maintenance: water, mild detergent, dry cloth — nothing more required
- Advantages: design, production and easy installation

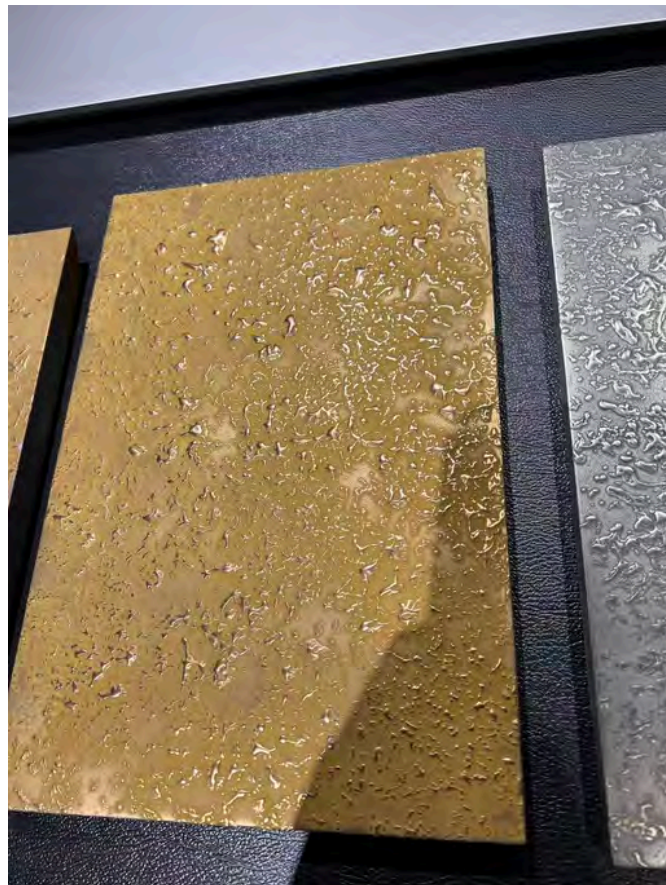

QLdecor Steel Tables are crafted from solid 304 food-grade stainless steel — the same standard trusted in the world's most demanding professional and residential kitchens. With a hand-scraped surface finish and available in thicknesses from 5mm to 10mm across 8 distinct styles, each table top is a statement of permanence. Engineered for those who refuse to choose between beauty and function.

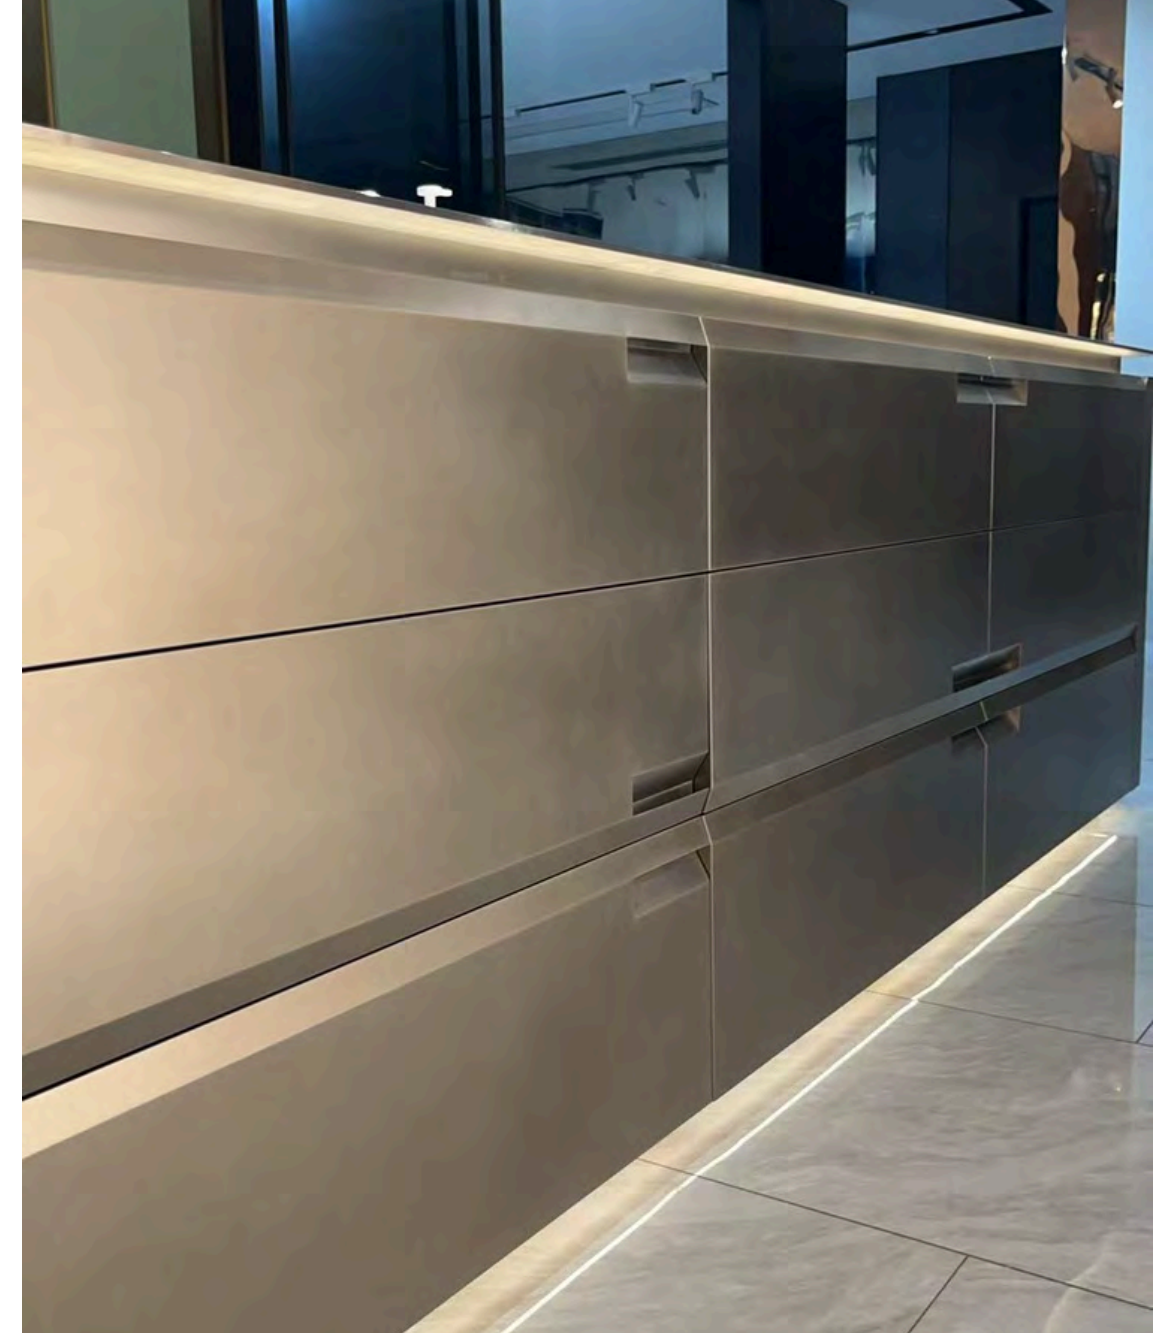

BEST PRODUCTS

REAL STEEL FRONTS

REAL STEEL. REAL LUXURY. NO COMPROMISE.

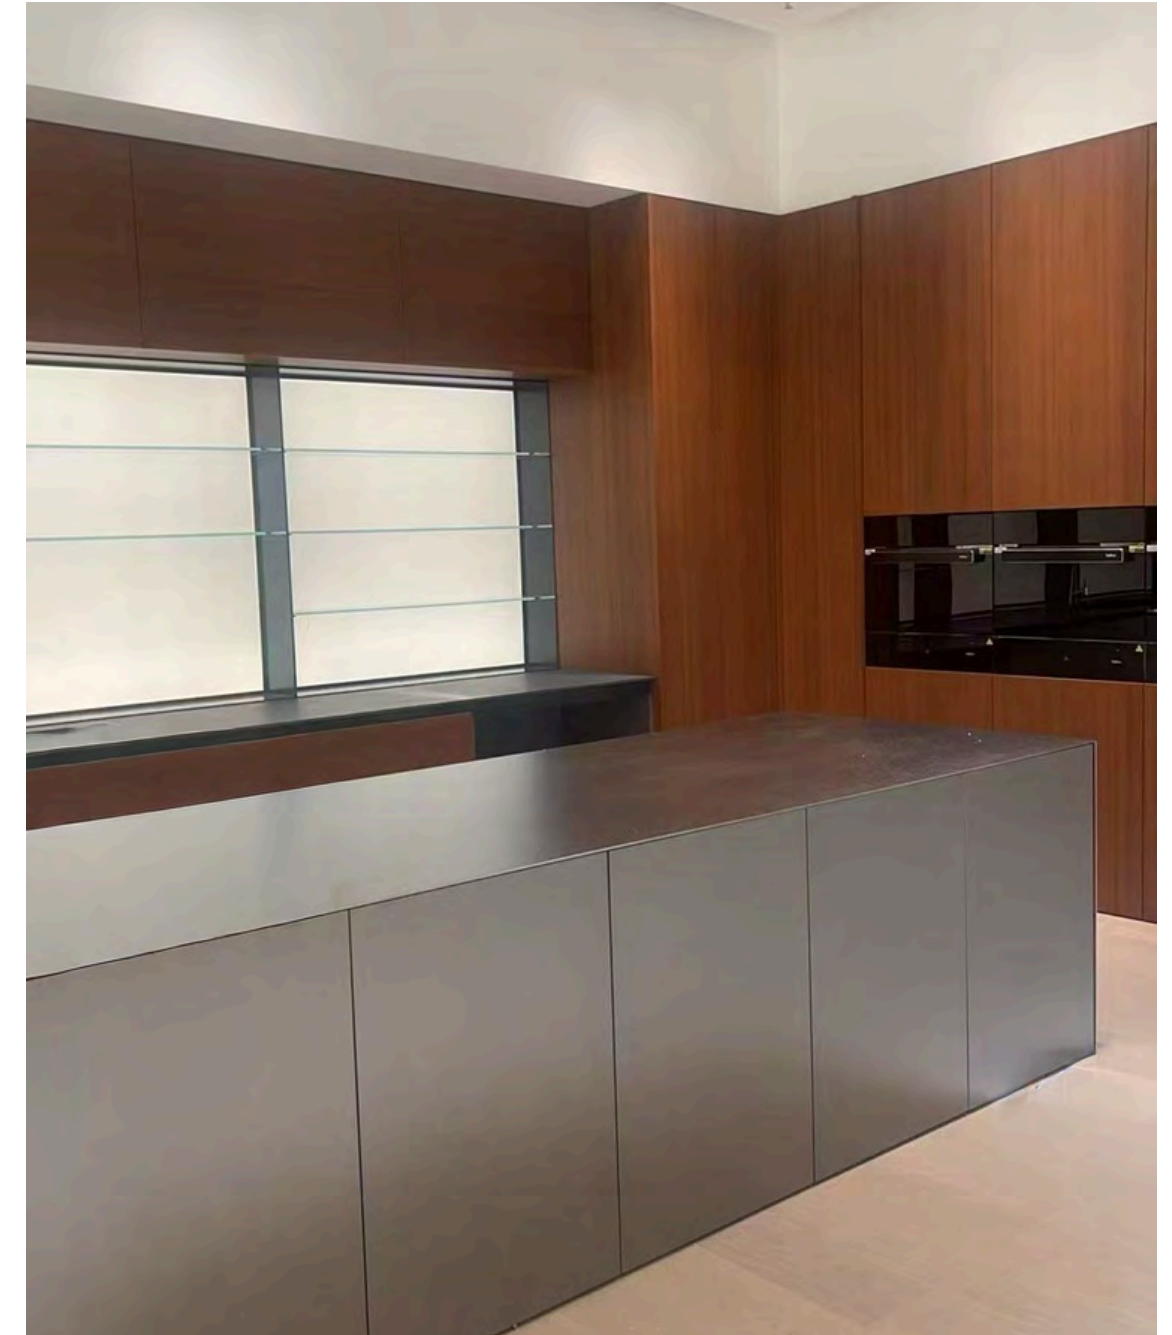

QLdecor Steel Fronts are crafted from genuine steel — not imitation, not laminate. This is the same material and manufacturing philosophy embraced by Italy's most celebrated luxury furniture houses. Each front is a testament to material integrity: cool to the touch, precise at the edge, and unmistakably premium in every environment it inhabits. For clients and designers who know the difference.

Key Features:

- Genuine steel construction — not a surface effect, but the real material
- Manufactured to the standards of Italian luxury furniture production
- Exceptional edge precision and surface consistency
- Ideal for bespoke kitchen, wardrobe and cabinet fronts in ultra-premium interiors

REAL STEEL KITCHENS

Engineered, not assembled.

A QLdecor Steel Kitchen is not a product. It is a position.

Built from solid 304 food-grade stainless steel – with countertops up to 8mm thick – every kitchen we create is a single, uncompromising statement of material integrity. No veneers. No imitations. No shortcuts. From the island to the wall units, from the extractor to the open shelving – every surface is the same material, the same standard, the same philosophy: steel, precision, permanence.

Key Features:

- – 5 / 6 / 8 / 10mm solid steel countertops – 10mm is our flagship, the heaviest available
- 304 / 316 food-grade steel – heat-resistant, wear-resistant, hygienic
- Full bespoke service – designed around your exact space
- Integrated sink options – seamless, uninterrupted surface
- Hand-finished detailing – precision CNC + artisan finish
- Design to delivery in weeks – not months

Our Steel. Your Kitchen.

Available in four thicknesses – each solid, food-grade stainless steel.

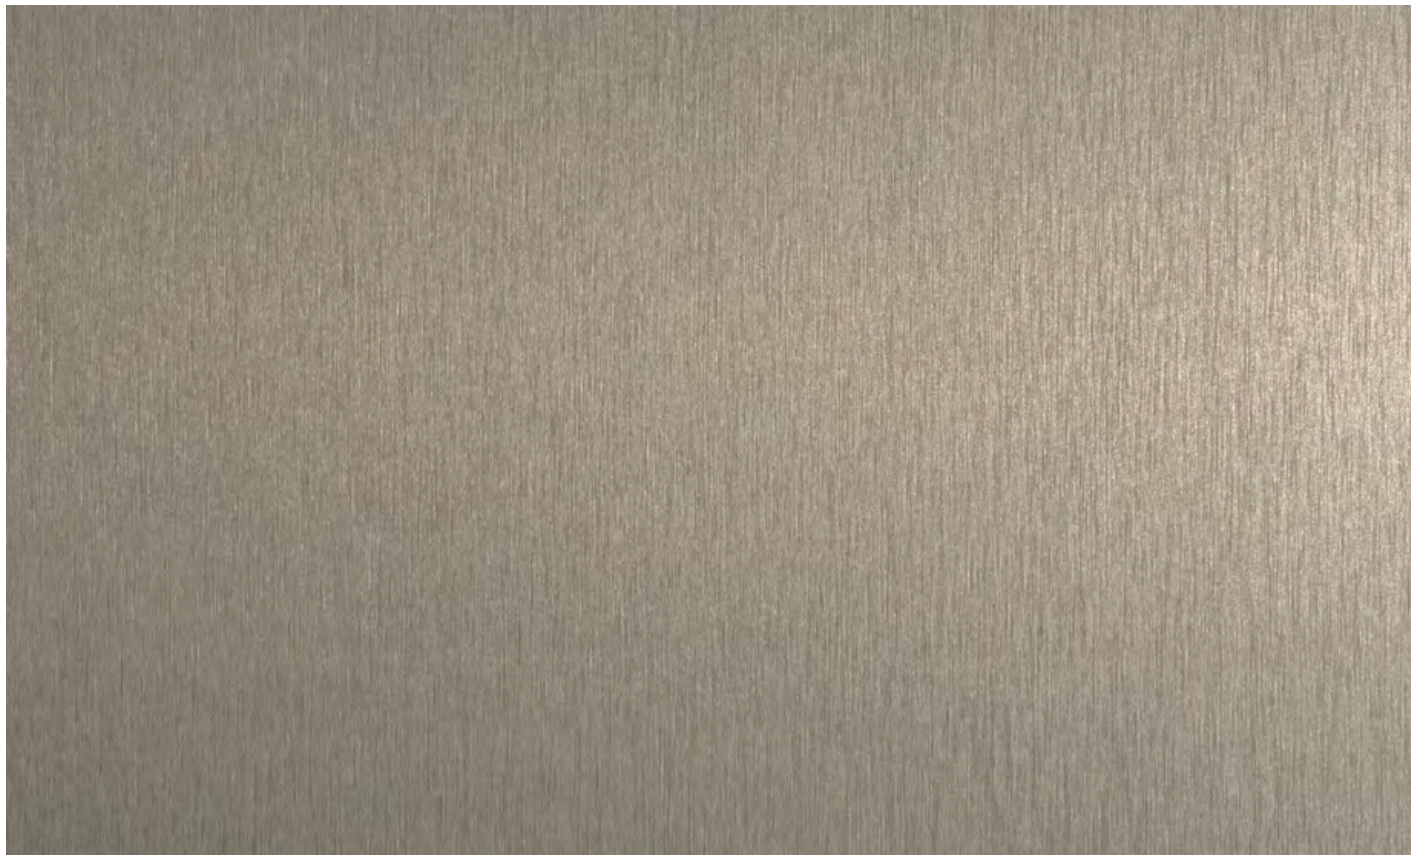

Thickness	Character	Best for
5mm	Light & precise	Minimalist interiors
6mm	Balanced	Residential kitchens
8mm	Substantial	Design-forward homes
10mm	Flagship – maximum weight & presence	Luxury & commercial

BUDGET SETIES

MetaLux

Where metal meets mastery.

MetaLux is QLdecor's signature collection of metallised furniture boards — engineered to flawlessly replicate the depth, texture and prestige of real metals. Favoured by Italy's most discerning luxury furniture designers, MetaLux delivers the visual weight of steel, brass and bronze with the practicality of a high-performance panel. The result: surfaces that command attention in every interior.

Key Features:

- Authentic metallic appearance — indistinguishable from real metal surfaces
- Inspired by Italian luxury furniture manufacturing standards
- Available for cabinet fronts, wall panels and bespoke furniture applications
- Consistent finish quality across large-format productions

BUDGET SETIES

WoodSense

The soul of wood. The precision of engineering.

WoodSense redefines what a wood-effect panel can be. Engineered for both furniture fronts and carcasses, these high-performance boards deliver the warmth and character of natural wood — with the consistency and durability demanded by premium manufacturers worldwide. From the studios of New York to the showrooms of Dubai and the design ateliers of Canada, WoodSense is the trusted choice where quality cannot be compromised.

Key Features:

- Suitable for both fronts and structural carcasses of premium furniture
- Consistent grain and texture across full production runs
- Trusted by furniture manufacturers across New York, Dubai and Canada
- High resistance to daily wear — built for longevity in luxury environments

OWN-BRAND ACCESSORIES & FITTINGS

From the first fitting to the final finish – every detail is ours.

PREMIUM LUXURY — Fittings & Hardware

The QLdecor Premium Luxury range represents the absolute pinnacle of bathroom hardware. Every piece is engineered with precision and finished with materials that transform function into art.

24-Carat Gold Fittings

Our signature collection of taps, mixers, shower fittings and bathroom hardware finished in solid 24-carat gold plating — applied through a precision electrochemical process that ensures depth, uniformity and lasting brilliance. This is not gold-effect. This is not gold-tone. This is real gold — on every surface, every curve, every detail.

Designed for interiors where compromise is not an option. Available across our full fittings range: basin taps, bath fillers, shower systems, towel rails and bespoke hardware sets.

Finish: 24-carat gold · electroplated

Available on: All Premium Luxury fittings

Bespoke: Custom configurations available

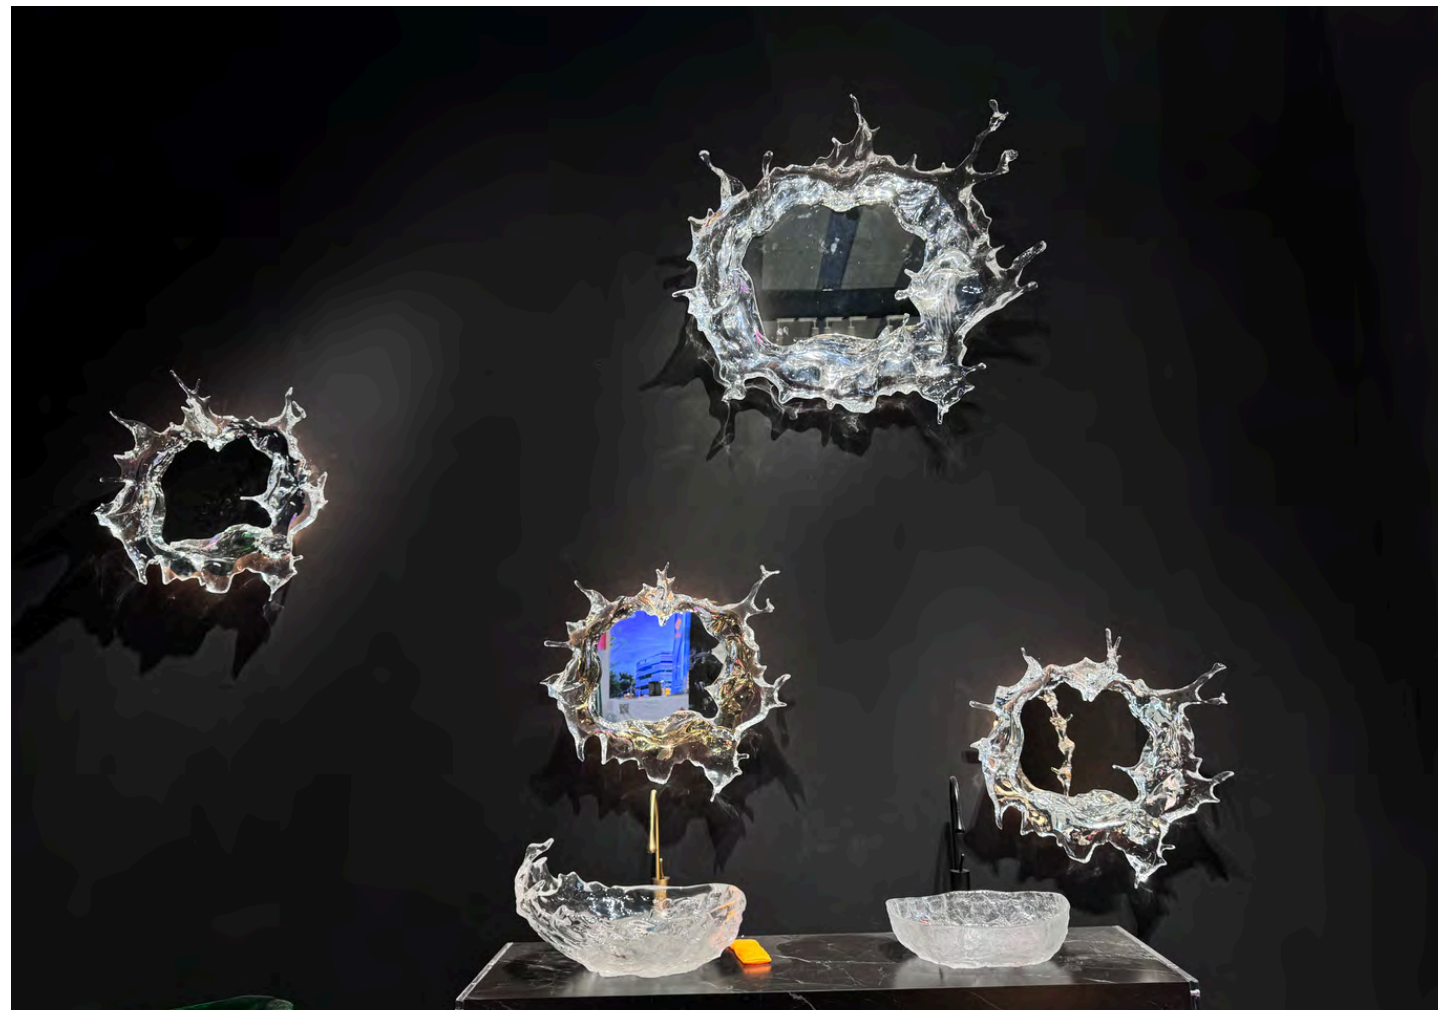

Three Tiers. One Standard of Excellence.

Economy — reliable quality for volume projects and rental properties.

Standard — the perfect balance of quality and value for residential interiors.

Premium Luxury — extraordinary materials and bespoke finishes for those who demand the very best.

At the pinnacle of our Premium Luxury tier sits our 24-carat gold fittings collection — taps, mixers, shower systems and bathroom hardware finished in real electroplated gold. Not gold-effect. Not gold-tone. Real gold, on every surface, every curve, every detail.

Basins — Six Materials...

... One uncompromising standard of finish.

- **Composite** – durable, matte, available in a full colour palette
- **Aluminium** ⚡ absolute market novelty – aerospace-grade, ultra-lightweight, available in brushed, anodised black and custom finishes
- **Steel** – seamless, hygienic, mirror-polished or brushed satin
- **Stone** – natural marble, travertine, onyx; every piece unique
- **Resin** – sculptural freedom of form, seamless cast, design-forward
- **Nordic Crystal** – QLdecor's proprietary luminous mineral cast; translucent, glowing, extraordinary

Baths — Three Materials...

... From deep soaking comfort to breathtaking sculptural presence.

- **Composite** — warm feel, excellent heat retention, versatile forms
- **Resin** — fluid, seamless, cast as a single organic unit
- **Nordic Crystal** — the ultimate bathing experience; semi-translucent, luminous, available in bespoke dimensions

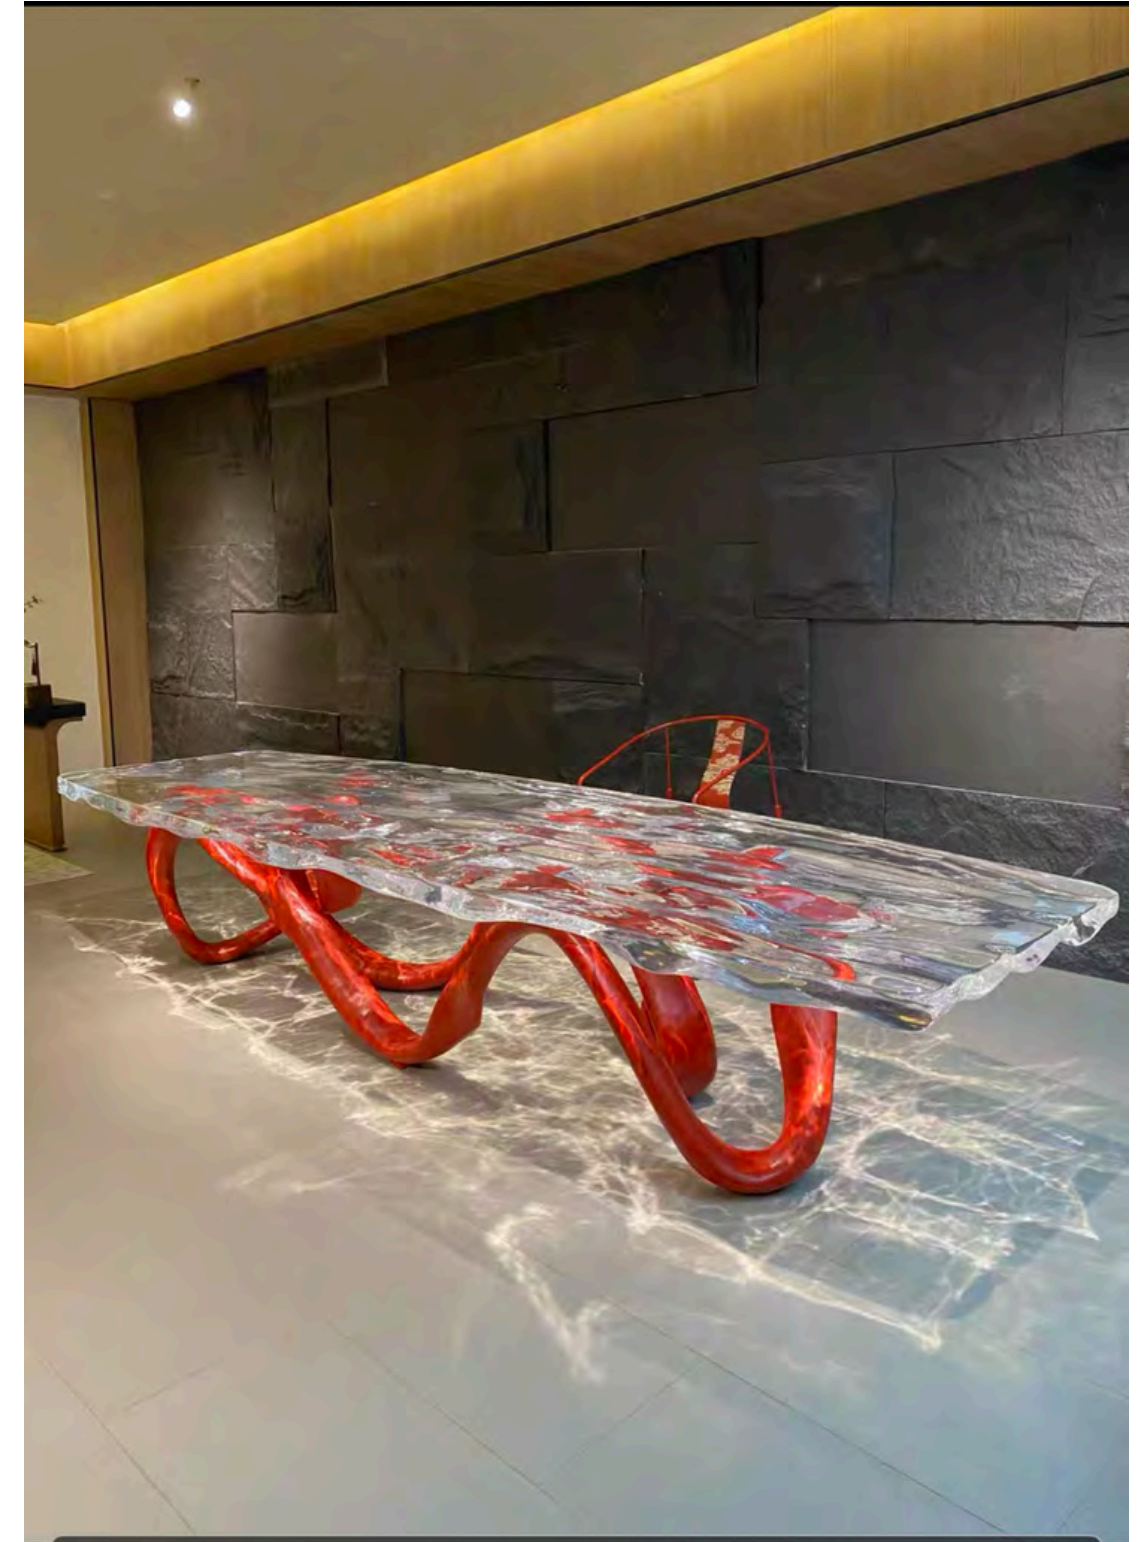

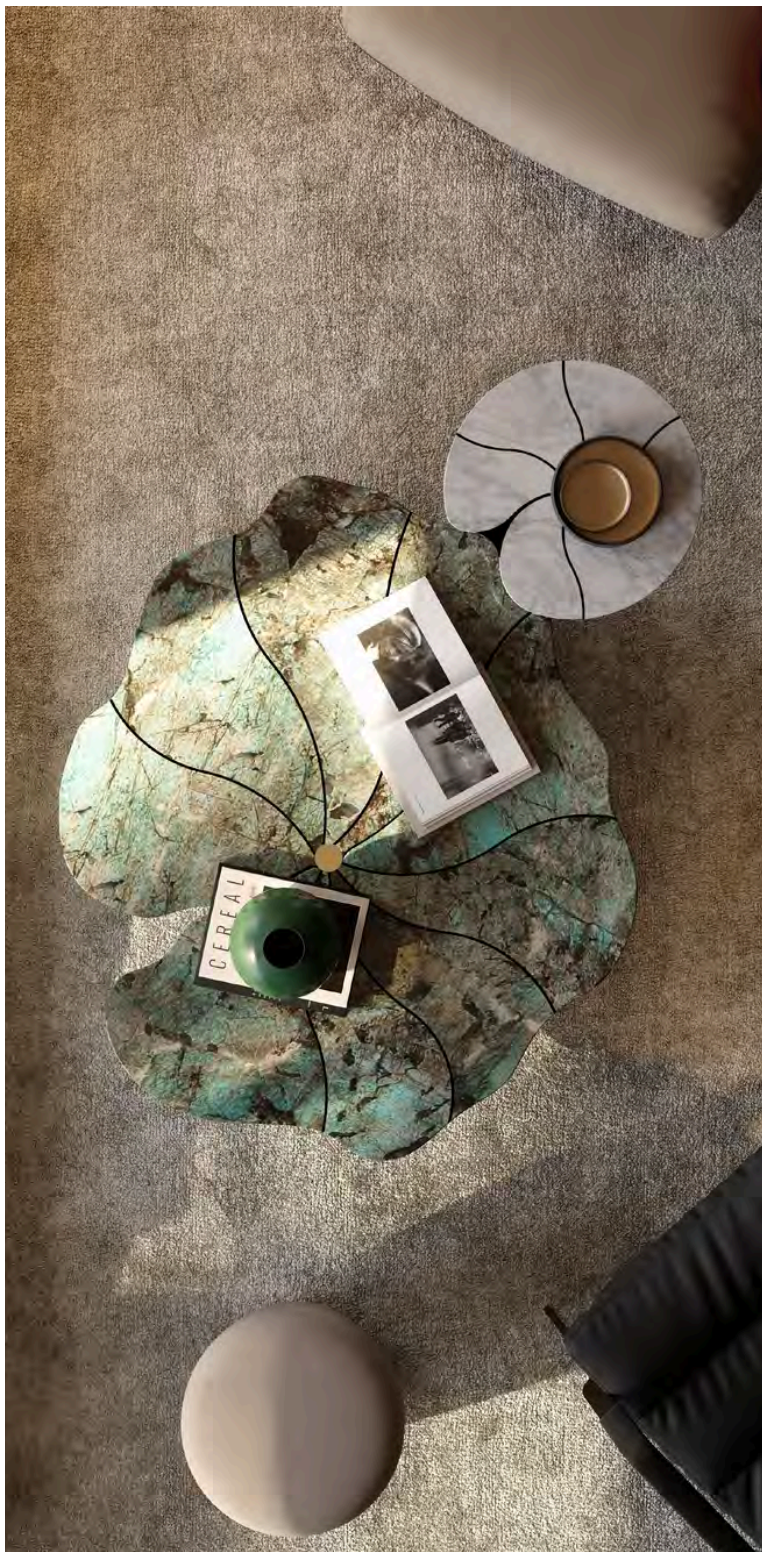

Artistic Freestanding Furniture

Sculptural Nordic Crystal & resin pieces — where furniture becomes art.
